

LSU Department of Pediatric Dentistry

Alumni Lecture

June 19, 2015

Schedule

Current Concepts in Pediatric Adenotonsillar Disease

Anita Jeyakumar, MD MS FACS

Faculty, Pediatric Otorhinolaryngology
Louisiana State University-Health Science Center

Chair, Department of Surgery
Children's Hospital New Orleans

LSU School of Dentistry Auditorium B

8:30 am – 12:00 pm

3.5 hours of CE awarded

Diseases of the tonsil and adenoid remain the most common pediatric ENT diagnosis, while tonsillectomy and adenoidectomy are currently the top ten pediatric surgical procedures performed. Make sure you and your office staff are up to date on the most recent information about Pediatric Adenotonsillar Disease in children! Dr. Jeyakumar will present on the latest concepts and will also field participant questions regarding ENT concerns with their own patients. Who would benefit from this course? Pediatric dentists, general dentists, dental specialists who treat children and adolescents, dental hygienists, and dental assistants.

Pediatric otolaryngologist Anita Jeyakumar MD, MS, FACS, has extensive experience with otolaryngology needs of both healthy children and children with complex special health care needs. She is currently a LSU School of Medicine Assistant Professor, Associate Program Director, Director of the Pediatric Cochlear Implant Program and Chair of Surgery at Children's Hospital. Dr. Jeyakumar was recruited from her practice in St Louis, and joined the LSU faculty in 2011. Dr. Jeyakumar trained at the Medical School at Meharry Medical College in Nashville, Tennessee. She completed her Otolaryngology residency at the University of Rochester, Rochester, New York and a Pediatric Otolaryngology fellowship at the Cleveland Clinic Foundation, Cleveland, Ohio.

Dr. Jeyakumar is board certified by the American Academy of Otolaryngology. Dr. Jeyakumar brings expertise in the all areas of pediatric otolaryngology, particularly in the areas of pediatric otology, pediatric hearing loss and pediatric head and neck malignancies. She has numerous publications from her research activities, and numerous awards. Dr. Jeyakumar was the 2009 recipient for the faculty teaching award, a 2010 nominee for the St Luke's Faith Healer award, 2013 Honors award by the American Academy of Otolaryngology, and 2014 Scholars award by the American Academy of Otolaryngology.
