

4th Annual
LSU Department of Pediatric Dentistry Alumni Lecture
Friday, June 17, 2016

Current Concepts in Pediatric Nutrition: Eating Disorders, Obesity, and the Role of Nutrition in Your Practice

LSU School of Dentistry, Auditorium, 8:30 am – 12:00 pm, 3.5 hours of CE awarded

Nutrition plays a key role in dentistry for children and adolescents, and nutrition problems facing our children are becoming more complex. Do you know the current nutrition recommendations for children? Do you wonder how to counsel parents on high carbohydrate diets? Do you know strategies to discuss obesity in your child patients? Do you know internet sites exist that train young girls to become anorexic and/or bulimic? Please join us at the 4th Annual Department of Pediatric Dentistry Alumni Lecture to learn more about these important issues. Dentists, hygienists, and staff will enjoy this timely lecture.

Lauren E. Green, MD, MS is a New Orleans native. She graduated with her Bachelor of Science and Master of Science in Neuroscience from Tulane University in 2008 and 2009 respectively. She graduated from Meharry Medical College in Nashville, TN, in 2013. She is currently a pediatric resident at

LSUHSC New Orleans, and will begin her Chief Resident year in June 2016, after which she plans to remain in academic general pediatrics. Dr. Green will be speaking on the impact of the internet on eating disorders and strategies to detect and address these disorders.

Leigh Anne Kamerman Burns MS, RD, LDN is a native of Monroe, Louisiana where she practiced as a Registered Dietitian specializing in Oncology and Critical Care and coordinated a wellness and cancer screening program. She

joined the faculty of LSUHSC Shreveport at E. A. Conway Medical Center in 1993. In 2003 she transferred to LSUHSC New Orleans where she is presently LSU Health Care Effectiveness Division Clinical Lead for Wellness and Cancer Screening, a collaboration of the LSU HSCD facilities and partners committed to improving the health of people throughout Louisiana. She is presently collaborating on a national level with the American College of Physicians for the I Raise the Rates adult vaccine initiative, and the American Cancer Society cancer screening projects including the 80% x 2018 colon cancer initiative.
