Gifts from individuals, corporations and organizations are vital in helping the LSU School of Dentistry continue its long tradition of educating highly skilled dental professionals. Contributions fund essential academic programs, student development activities, campus improvements and community outreach.

Some donors choose to give an annual gift—others prefer a larger donation over time to establish endowed professorships, chairs or scholarships. Leaving a legacy through a bequest or trust to honor a beloved family member or professorship is also a way to show appreciation for the education received at LSU.

“I am proud to be an LSU graduate and a dentist… I am forever indebted to the school.”
Isaac “Ike” House, DDS ’84
(with daughter Brittany House, class of 2014)

“We take joy in LSU’s accomplishments… ultimately it’s always about people helping people.”
John Milazzo, President
Campus Federal Credit Union

Established in 1968, the LSU School of Dentistry is the only dental school in the state. A total of 5,088 degrees and postgraduate certificates have been conferred to dental professionals since the first dental class graduated in 1972. Today, 70% of the dental health care providers in the state are graduates of LSUSD. Our graduation rate is 98.9%.

“LSUSD gave me my education, my profession. I appreciate all that I’ve been given and it is only fair to return the favor.”
Anthony Indovina, DDS ’74, OMS ’77

“No one of us would have the life we have if it were not for LSUSD. They were here for us, and now they need us. It is the right thing to do.”
Sally Daly, DDS ’95
and Nelson Daly, DDS ’93
The LSU School of Dentistry gratefully acknowledges those individuals, corporations and organizations that made financial gifts or grants to the school in fiscal year 2012 (July 1, 2011 – June 30, 2012).
